RIVERDALE SCHOOL DISTRICT CODE OF CONDUCT

Board Policy # 5500

The Riverdale School District is committed to maintaining favorable academic atmosphere, to create a positive learning climate for students in their classroom, and to maintain proper order.

Riverdale JH/Senior High School student behavior that is dangerous, disruptive, or unruly, or that interferes with the teacher's ability to teach effectively will not be tolerated. Any Riverdale JH/Senior High School student who engages in such behavior, may be subject to short or long-term removal from class as directed by the guidelines included in the Code of Conduct guidelines.

- I. **Students and staff will listen, speak, address, and act toward each other respectfully.**
 - A. **Swearing, profanity and name-calling are unacceptable forms of speech.**
 - B. **Language that degrades (put-downs) individuals or groups and language, which is a threat to others, are also not acceptable. .**
 - C. **Actions such as controlling or harassing someone by touch, public displays of affection, pranks, stealing, disrespect of others property, fighting, and vandalism are inappropriate.**
- II. **Students and staff will accept each other without discrimination.**
- III. The guidelines for our dress code stress responsibility by the individual to maintain reasonable dress and grooming. A student's appearance adds or detracts from overall school morale. **We want all of our students to reflect pride in their appearance at school, in the local community, and when visiting other schools.** Consideration must be given to students' health, safety, and school decorum. The following guidelines concerning grooming and dress should be followed:
 - A. Students are expected to dress and groom themselves in a manner that does not endanger or disrupt the school environment. **Shoes must be worn in the building. Headgear may not be worn in the school building during school hours – this includes hats,**

hoods, caps & bandanas. No bare midriffs, revealing blouses & tops, short skirts or shorts, or exposed undergarments are allowed. Muscle shirts, halters, mesh or see through materials, t-shirts with the sleeves cut off are not allowable. Any apparel with indecent, obscene, “double meaning” expressions, print signs, or logos; and any apparel that advertises alcoholic beverages, tobacco products, or illegal substances are not allowed. Underwear including underpants, thongs, and bras should not be visible.

B. Personal property and school property which students and staff use (books, lockers, equipment, etc.) should be used appropriately and may not be used to display offensive wording, photos or drawings that promote vulgarity, nudity, drugs, tobacco, alcohol, violence, or discrimination.

ACADEMIC ASSISTANCE PROGRAM

Riverdale JH/Senior High School will provide Academic Assistance services to all students. Services include students being assigned to Chieftain Time, staff communication with parents to include meetings and staffings, student-teacher meetings before and after school, assigned or contracted academic assistance provisions during noon hour or after-school time, and guidance counselor reviews of student status on the D/F listing in conjunction with academic eligibility. **For more information, the guidance office should be contacted.**

ASSIGNMENTS, NOTEBOOKS, AND HOMEWORK

All students (grades 7-8) will be provided with an assignment notebook on their first day of school. All staff requires students to use the notebooks for assignment and hall passes. Students are to take assignment notebooks with them to each class and study hall. At the end of the day students are encouraged to check their assignment notebook to assist them in packing their book bag for the evening.

It is a reasonable expectation that students do some independent study and work outside of the class period. If you are concerned about your child's homework, please contact your child's teacher or guidance counselor.

ATTENDANCE GUIDELINES

The Board of Education and staff of the Riverdale Area School District believe that a student's education is one of the most important aspects of his /her life and that the quality of the student's education depends upon the student's physical attendance at school. Because each day of school missed can never be fully made up, it is essential that students attend school regularly. Employers often check a prospective employee's attendance record.

ATTENDANCE RULES AND REGULATIONS

1. Regular attendance is a responsibility that should be shared by parents/guardians, students, and the school.
2. Students will be required to attend all their scheduled classes, activities, and study halls unless they have a parental request **that has been approved by the building administration**. Students must sign-out in the office when leaving the building.
3. The following guidelines are to be used by the school administrator in granting excused absences for a student:
 - a) Illness or injury of the student (a note from a doctor or school nurse will be required after three (3) consecutive days or ten (10) absences in a semester)
 - b) Serious illness or death in the family
 - c) Religious observances
 - d) Court appearances or other legal procedures (must bring in proper documentation)
 - e) Health appointments (i.e. medical, dental, chiropractic, optometric). Students **MUST** return with a signed appointment slip.
 - f) School sponsored activities - homework, quizzes, tests, etc. will be due the next day
 - g) College visitations (must bring in proper documentation)
 - h) Quarantine as imposed by a public health officer
 - i) Other prearranged absences which have been approved by the building

administration

4. Students whose absence is not excused by the building administrator shall be considered unexcused - **TRUANT**. A simple truancy fine may be given.
5. When a student is absent, his/her parent/guardian shall contact the school by 8:30 a.m. Failure to contact the school will result in a school contact to the home or place of employment. All absences are considered unexcused (truant) unless contact and agreement has been made between the parent/guardian and the school.
6. Parent/guardians will be expected to provide a written explanation of absences at the time their student returns to school, or in the case of prearranged ("pre-excused") absences, **one school day** prior to the absence. When students return to school following any absence, they must stop in the office.

ABSENCE is defined as *missing more than five (5) minutes of class*.

For 1st hour only a student has 15 minutes before he/she is considered to be absent from school. Before 8:15 am a student would be considered tardy and after 8:15 am a student would be considered absent.

TARDY is defined as *not being in an assigned classroom or signed into a study area when the bell rings*.

TARDINESS

Upon late arrival at school, a student **MUST REPORT** to the office for a tardy pass before going to their scheduled area. A note should accompany the student. A phone call to the home may be made to determine the circumstances of the tardiness. Students are to be in their classrooms and seated when the bell rings to start the class. **For each "unexcused tardy" a student may receive one day of closed campus @ noon. Students with chronic tardiness will receive increased consequences.** Disciplinary action by the office and instructors will be enforced for student tardiness. It is at the discretion of the principal and instructors to determine if student tardiness is EXCUSED *or* UNEXCUSED.

TRUANCY – State Statute 118.15 School Board Policy # 5200

"Truancy" means any absence *or* part *or* all of one *or* more school days during which the school attendance office, principal, *or* teacher has not been notified of the legal cause of such absence by the parent/guardian of the absent student, and also means intermittent attendance carried on for the purpose of defeating the intent of the

compulsory attendance law. The school attendance officer shall notify the parent *or* guardian of a child who is a habitual truant at the time the child becomes a habitual truant. This will be done by registered *or* certified mail. "Habitual" Truant means a student who is absent from school without an acceptable excuse for part of, or all of five (5) or more days in a semester without a valid excuse.

- b) *All parents may excuse their student only ten (10) days in a semester. After the 10th day, a medical note will be needed for each absence from then on. The building administration has the right to approve or deny the parental note. (Students **MUST** return with notes signed by the medical provider for absences not to count against this 10-day total.)*

Make-up Work:

Students will be granted the number of days absent plus one (1) for make-up time. This provision applies to all work assigned during absence(s). (**Example: Student misses 2 days Monday & Tuesday, the student is then given Wednesday, Thursday & Friday for make-up time**). **All work assigned prior to the absence is due upon return.** Examinations missed during an absence will be permitted to be taken at a time mutually agreed upon by the student and the teacher.

7. Students with excused absences shall be entitled to and be responsible for making up the work missed - including examinations.
8. Students with unexcused absences will be allowed to make up work. It is the student's responsibility to contact teachers and make arrangements to obtain makeup work and must be done so in the same timely manner as an excused Absence.

Leaving Or Entering The Building During School:

NEVER leave the building or the school grounds, even for illness, without obtaining permission and signing out.

Participation In Events On Day Of Absence:

Students are not allowed to attend or participate in school functions (to include after school practices and rehearsals) when they are absent a period(s) of the school day on the day of the activity, unless the absence is pre-arranged (pre-excused at least one day prior to absence), school related activity, valid professional appointment (must bring back a medical note) or family emergency approved by the High School Principal. Students sent to the office on a discipline referral, will not be allowed to participate in after-school activities on the day of the referral. Student tardies will be treated on a case-by-case basis by administration.

Absences For School Activities:

Students who are absent from school while participating in school sponsored activities (field trips, athletic contests, etc.) will not be counted as absent from school. However, it is the student's responsibility to see that he/she has all assignments, etc., and does all make-up work in advance. When absences involve a small number, the regular pre-excused absence form will be used. In cases of larger numbers, the instructor will circulate a list to staff.

BEHAVIOR EXPECTATIONS OF STUDENTS

DETENTION - Board Policy # 5600

Riverdale High School believes that when students violate school rules and regulations, they should be disciplined for their actions. Teachers or the principal may assign students a detention. Parents or guardians will be notified of all detentions so that transportation can be arranged. Students

shall work on an assignment during the detention period. Failure to serve detentions on the assigned day will result in a referral to the principal. Detention will be served **during lunch hour, before, or after school**. If a student fails to serve his/her detention - detentions will double! Failure to serve the double detention may result in a one-day suspension. This suspension then becomes an excused absence.

STUDENT SUSPENSION - Board Policy # 5610

A student may be suspended from school for violation of reasonable school rules which endanger the health, safety or property of others while in or out of school or while under or not under the supervision of a school authority; or for knowingly conveying any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives.

IN-SCHOOL SUSPENSION – Students may be assigned to in-school suspension by the principal. In-school suspension will take place in a supervised setting. The parent or guardian shall be given notice of the in-school suspension and the reason for the in-school suspension. Students may be assigned to an in-school suspension area for various amounts of time. Students shall work on assignment work when in the in-school suspension. Credit will be given for assigned class work completed during the period of the in-school suspension. A student assigned to in-school suspension shall not be denied the opportunity to take quarterly, semester or grading period examinations missed during the suspension period.

SUSPENSION - Students may be suspended from school by the principal up to five days for serious or repeated violations, or for conduct while not at school or under the supervision of a school authority which endangers the property, health or safety of any employee or school board member of the school district in which the student is enrolled or; if notice of expulsion hearing has been sent under par. <9 4 or (e) 4. Or s. 119.25 (2) <9, for not more than a total of fifteen consecutive school days. The parent or guardian shall be given notice of the suspension and the reason for the suspension. The District Administrator may also be notified.

Suspended students may not be on school grounds nor participate in any school activities while on suspension. Credit will be given for all assigned class work

completed during the period of suspension. A student suspended from school shall not be denied the opportunity to take any quarterly, semester or grading period examinations missed during the suspension period.

EXPULSION - Board Policy # 5610

Expulsion means the removal of a student from school for the remainder of the school term.

In accordance with state statutes, students may be expelled from school by the board if it finds the student guilty of extreme or repeated refusal or neglect to obey school rules; or finds that while the student was at school or under the supervision of a school authority he/she endangered the property, health, or safety of others; or for conduct while not at school or under the supervision of a school authority which endangers the property, health or safety of any employee or school board member of the school district in which the student is enrolled; and it is satisfied that the interest of the school demands a student's expulsion.

Prior to expulsion, the board will hold a hearing regarding the proposed expulsion.

The school board shall mail, via certified mail, separate written notices of the hearing at least five days before the expulsion hearing to the pupil and if the pupil is a minor, to the pupil's parent or guardian. The notice will state the reason for the proposed expulsion; the time and place of the hearing; the fact that expulsion may result; the right to legal representation; and the right to appeal the board's decision. At the hearing, the minutes will be kept of all proceedings. .

Upon the board's decision to expel a student(s), a copy of the expulsion order will be mailed to the pupil and his/her parent or guardian. The pupil will have the right to appeal the expulsion to the state superintendent and an appeal to the state superintendent's decision may be made within 30 days to the county circuit court.

This penalty is reserved for situations involving serious misconduct or disobedience or repeated infractions of school rules for which the student has been penalized previously. The decision regarding expulsion is made by the school board based on the recommendation of the administration. In all situations, however, the administration must reserve the right to take disciplinary actions, which are deemed to be in the best interest of the student and the school, while insuring those due process procedures are followed. Thus, the above information specifies disciplinary actions as a consequence of student misconduct, and furnishes general guidelines rather than hard and fast mandatory action when dealing with student discipline at Riverdale High School.

RULES/INFRACTIONS & PENALTIES

The Board of Education, in support of the aims of public education, believes that the behavior of students attending the Riverdale Area School District shall reflect standards of good citizenship demanded by members of a democratic society. Self-discipline is one of the important, ultimate goals of education. With this belief as a basis, the following discipline guidelines have been adopted by the Board of Education:

1. Each teacher shall analyze his/her own discipline cases and attempt to apply the appropriate corrective measures to the best of his/her ability. This would involve inclusion of parents and guidance personnel.
2. In the event the problem(s) continue or warrant additional aid, the teacher shall present the discipline problem to the administrator. The administrator shall give careful and definite consideration of all offenses brought to his/her attention. Outside sources may be suggested for further counseling. Providing all due processes have been fulfilled, the district administrator and principal shall have the authority and support of the board to suspend students from school.
3. Students who continue to cause major discipline problems shall have their cases presented to the board with the recommendation for expulsion.

It is the philosophy and belief of the administration of Riverdale JH/Senior High School that the responsibility of dealing with student discipline violations rest with us. Thus, we will make every effort to handle such problems in-house, according to the policies and procedures established by the district and the school. However, when violations of state laws or municipal ordinances occur, or when students or parents refuse to work within the established policies of the district and school, or where security of person or property appears to be in jeopardy we will not hesitate to call the police and initiate arrest and prosecution proceedings.

BEHAVIOR GENERAL RULES

Conduct at Riverdale JH/Senior High School is based on respect and consideration for the rights of others. Schools have rules so that a large number of people may work and learn together with understanding and ease. Faculty members and other adults have been given the responsibility for the supervision of student behavior; students will be responsible to their authority. Any conduct which causes disruption of any school function or that interferes with the health, safety, well-being, or rights of others is prohibited.

This is a general standard that should be used as guide by all students. Not all acts of misconduct can be itemized here. The following is an enumeration of some of the main areas of concern and penalties for misbehavior:

A. Personal Communication Devices PCDs (e.g., Cell Phones)

Students may use personal communication devices (PCDs) before and after school, during their lunch break, in between classes as long as they do not create a distraction, disruption or otherwise interfere with the educational

environment, during after school activities (e.g., extra-curricular activities) at school-related functions. However, technology including, but not limited to, PCDs intended and actually used for instructional purposes (e.g., taking notes, recording classroom lectures, writing papers) will be permitted, as approved by the classroom teacher or the building principal.

- B.** The use of tobacco products is prohibited in the school building, on school district property, or on school buses. Violation of this regulation will result in a suspension and referral to municipal police authorities for possession of tobacco.
- C.** Backpacks, book bags, gym bags, and other types of packs or bags may not be carried to classrooms, study halls, or other areas in the school. All packs and bags will be stored in lockers during the day. Coats may not be worn in the building or classroom. Coats should be kept in lockers at all times
- D.** No student shall possess, sell, distribute, fire, or threaten to use or explode any firearm, bomb, smoke or “stink” bomb, firecracker or other explosive or incendiary device on school premises, buses or school-sponsored events. This also applies to knives and any other objects that might endanger the welfare of others. A student in violation of the above **WILL BE IMMEDIATELY SUSPENDED** from school. BUS TRANSPORTATION (See website for a complete list)

Students who ride the Riverdale School Buses are governed by the same rules that apply on all school grounds. It is important that student behavior does not distract the driver from his/her attention to the road. Students are to ride the bus and route, which they are assigned. Any request to ride a different bus home on a specific day needs to be presented in writing to the Principal or Transportation Supervisor. No student should take it upon themselves to change busses.

Each family annually receives a complete set of Riverdale School Bus Rules and Regulations, violations of which may result in suspension or expulsion from the bus. Absence from school due to bus suspension will not be excused.

All rules apply to any field trip or extra-curricular activity as well as regular daily transportation. Students riding a bus to an athletic event or other school activity must return on that bus unless the parents personally transport the student home from the event. In this case the parents are to sign the coach's or supervisor's log at the time they take responsibility for the child's transportation and supervision. An exception to this policy is when prior arrangements have been made with the coach or supervisor in accordance with Board Policy.

CARE OF PERSONAL PROPERTY

The school is not responsible for personal property. Large sums of money, expensive objects, and jewelry should be left at home. If an article is lost, check to see if it has been turned into the office. If it is necessary for students to bring a large sum of

money to school or something of value, it is strongly advised they take it to the office for safekeeping during the school day. Students are advised to "check" their valuables with their physical education teacher for safekeeping during gym class.

CHIEFTAIN TIME

This is a period at the end of the day that will serve as the student's homeroom. This time is for students to meet with teachers at the end of the day that they need extra help with work. Teachers will be available for students during this time to help students with their needs. We will also have our student meetings at this time.

High School Only: This period will be used as an incentive for students who are in good academic and behavior standing. Students with C's or higher will be allowed to leave their assigned room to; see other teachers, go to the gym/weight room, commons, get ready for practice or leave the school for the day. A student must not have any failing grades or Ds for the quarter to earn this privilege and must not have discipline issues.

CHILD ABUSE AND NEGLECT LAWS

Wisconsin educators are required by law to report suspected child abuse and neglect to the appropriate authorities. Specified neglect or abuse may be in the form of physical injury, neglect, exploitation, or sexual assault. Educators making such reports are acting in good faith, in compliance with the law, and in the interest of the child.

CUMULATIVE RECORDS

A detail permanent record is kept on each child from kindergarten through high school. This record may include: demographic information, grades, test scores, extra-curricular activities, health records, student discipline, attendance, and reports on incidents written up by teacher or other school personnel.

Directory of Information

The Riverdale School District designates the following personally identifiable information contained in a student's education records as "directory information".

1. The student's name
2. The student's address
3. The student's telephone listing.
4. The student's date of and place of birth.
5. The student's participation in officially recognized activities and sports.

10. The name of the school most recently attended by the student.

As per State Statute 118.125(2) (J) any parent, legal guardian objecting to the release of the "Directory Information" may inform the building principal or district administrator in writing to withhold all or any part of the "Directory Information" within two (2) weeks of publication.

Under Wisconsin's Act 239 (effective June 1998) a pupil's attendance record must be provided when requested by law enforcement investigating truancy. In such an instance, parents will be individually notified that the record has been disclosed.

Computer (Use Acceptable Use)

Riverdale School District

The Riverdale School District provides computers and telecommunications technology in support of the instructional and educational objectives of the school district. The school networks, including the Internet, are intended for educational purposes only.

The ability to use computers to gather information, communicate and to collaborate with others has become a fundamental skill for every citizen. To this end, the School District provides access to local area networks (LANs), wide area networks (WANs) electronic mail and the Internet.

The Internet is an electronic highway connecting thousands of computers and millions of users all over the world. Internet access enables students, teachers, and administrators to explore libraries, databases, discussion groups and other resources while exchanging a variety of information with others.

With access to this quantity of information comes the availability of some material that may be considered to be of little educational value within the context of the school setting. The Riverdale School District has taken precautions to regulate and filter student access to the Internet. However, it is recognized that it is not possible to guarantee that students will not be able to find Internet resources which are offensive, profane or otherwise objectionable. ***The ultimate responsibility for appropriate use lies with the user.***

Educational Use

The Riverdale School District will expect teachers to use school networks and computer resources to support the instructional objectives and to provide guidance and supervision for all Internet activities. The computers in classrooms, labs and the Library Media Centers are to be used for educational purposes during the normal school day.

In the ***elementary schools*** (PK-6), teachers will directly supervise students' use of the Internet. The sites and resources that students access ***should have been*** previously explored by teachers, to ensure that they are relevant and appropriate for the instructional lesson.

In the ***junior high schools*** (7-8), teachers will supervise the students' use of the Internet providing guided practice as students initiate searches for information and resources. Teachers will model the skills required for research and assist students as they learn to evaluate the credibility of their findings. Teachers will make every effort to see that students explore areas that are appropriate and relevant.

In the ***high school*** (9-12), students will become more independent as they use the Internet for research. Teachers will continue to monitor student use to ensure that they develop skills which will allow them to become responsible users.

Electronic mail (E-Mail) accounts will be held by administration, support staff, teachers and students in grades 5-12. The use of Email as a communication medium should not be regarded as secure.

Privileges

The use of the School System computer network is a **privilege**, not a right, and inappropriate use will result in the cancellation of the privileges and/or disciplinary or legal action by the school, local, state and federal officials. Student and faculty activities while using school networks must be in support of education and research.

User Accounts

Each user 3-12th grade will have a unique account that they will be held responsible for. Each account will have a personal password.

If you feel your user account has been compromised contact the IT Director immediately!

DO NOT allow another user to access your account. If the person you give the password to violates the Computer and Internet Use Policy you will be held accountable for the violation.

Wisconsin Statute and Title 18 of the U.S. Code will be housed in the high school and elementary offices for review by any person(s) This is not a comprehensive list of activities that are unacceptable.

If a user is in question regarding the nature of their computer activity, they should contact the IT Director, a Teacher, Library Media Specialist or Principal (not necessarily in that order) to determine if the activity is in violation of the Computer and Internet use Policy.

Please use good judgment while on the RSD computer system and the Internet, be respectful and responsible!

Privacy

All communications and information accessible via the school networks should be assumed public property. Users should not expect that files stored on school-based computers will be private.

Authorized administrators and teachers may review files and logs of Internet use at any time, without prior notice, to maintain system integrity and to determine that users are acting responsibly or otherwise consistent with this policy. Messages relating to, or in support of, illegal activities will be reported to the appropriate authorities. Employees will not electronically transmit confidential information concerning students or others.

Copyright

All software placed on the School System computers must have a valid license for each copy used. Copying the school's software or duplication of software for which there is no valid license violates school system policy and is illegal. Employees will be held personally liable for any of their own actions that violate copyright laws.

If a user is found to be in violation of the Computer and Internet use Policy, the following will apply:

- 1st Offense – A verbal warning will be issued to the individual(s) in violation.
- 2nd Offense – The individual(s) will lose Internet and Computer use for 1 week and a written notice will be delivered to the parent(s) of the individual.
- 3rd Offense – The individual(s) will lose Internet and Computer use for a semester and the parent(s) will be summoned for a meeting regarding the situation.
- 4th Offense – The individual will lose Internet and Computer use for the remainder of the school year.

NOTE:

If the violation punishment cannot be fulfilled during the current school year, the punishment will be carried forward to the next school year.

If the breach of policy is of a nature that requires local or federal law enforcement intervention, the individual(s) responsible will be held accountable to the appropriate jurisdiction.

If the violation involves the damage, theft or abuse of computer equipment or any component of the information technology system and the user who committed the offense is a senior or student transferring to another school district, the individual(s) transcripts will be held until the infraction has been resolved to a satisfactory level.

Because of the nature of some incidents, the order of notification and penalties does not necessarily have to follow the order as listed.

The principal of the appropriate building will be responsible for levying the appropriate punishment, as well as the documentation of the incident.

As the knowledge of technology becomes more pervasive in our district, our use of technology will become an integrated entity. The loss of these privileges will certainly affect the way you participate in class and how you will process your information. Please be respectful and responsible.

DEMERIT SYSTEM (Please see J.H. website for complete list)

The Riverdale Junior High uses a demerit system as a positive means to ensure the best possible learning environment for all Junior High School students. If a student never receives a demerit or punishment for any behavior problems while at the middle school, they are still greatly affected by the environment that is a result of a positive and consistent disciplinary program.

It should be pointed out that the merit-demerit system is utilized as only one of many tools in operating our middle school in the best interest of all involved. There are several methods that may be used in addition, for individual situations.

The demerit system is designed to eliminate negative behaviors that result in referrals and suspensions. Throughout the year students with few or no demerits will be invited to participate in special events. Students with excessive amounts of demerits will lose various school privileges. As a school, we recognize that students will misbehave occasionally and make mistakes. Students who wish to lower their number of demerits can earn merits through

good works at school. Please refer to the Junior High School webpage for more detail.

EMERGENCY CLOSING

If the weather necessitates closing school before regular dismissal time, it will be announced over radio station WRCO (1450 AM or 100.9 FM) Richland Center, and WDMP (810 AM or 99.3 FM) Dodgeville. These stations will also announce if school will not open for the entire day or start late. Emergency school closings are also carried on some Madison television stations. You may also be notified through a phone call from the District's Alert Now. You may check the school's website, www.riverdale.k12.wi.us for emergency closings.

FIELDS TRIPS (Local)

From time to time students will be taking classroom field trips. These field trips are to provide students with educational experiences and are related to the curriculum. These field trips may be to the library, businesses in the surrounding area, diabetes walk etc. Instead of sending a permission slip for each of these local field trips, we will take the signing of the handbook form as a child's permission to attend these various local activities. Field trips that are out of the school district will still require a formal signed permission slip.

FIRE AND TORNADO DRILLS

Fire and tornado drills are held at irregular intervals throughout the school year. Remember these basic rules:

1. Check the posted instructions in each classroom that indicate how to exit the room/building in case of an emergency.
2. Move quickly and quietly to your designated area.

GRADES AND REPORT CARDS

The criteria utilized for assigning grades is left to each teacher's professional discretion, under the Principal's authority. The District has adopted letter grades as the standard for reporting to parents in grades 7-12. Each teacher is responsible for establishing his or her own grading standards and making those available to the Principal for review. Students must be provided with details of the teacher's expectations in each class, as well as the criteria by which they

will be evaluated and grades will be assigned. No single test should count for more than 20 per cent of a student's grade.

Student report cards are issued each nine weeks, the following letter grades reflect student performance in grades three through eight.

<i>A</i>	<i>90%-100%</i>	<i>Excellent or Superior Work</i>
<i>B</i>	<i>80%-90%</i>	<i>Good or Above Average Work</i>
<i>C</i>	<i>70%-80%</i>	<i>Average Work</i>
<i>D</i>	<i>60%-70%</i>	<i>Poor Work, Just Barely Acceptable</i>
<i>F</i>	<i>0-60%</i>	<i>Failing Work</i>

Every 3 weeks parents who have a child in grades 7th-12th will be notified of their child's progress. These reports are a method of keeping parents informed of their child's academic performance. Your child's grades may be accessed at any time through Skyward. If you do not have a password, please contact the JH/Senior high office to set up your account.

ACADEMIC ELIGIBILITY STANDARDS/EXTRA-CURRICULAR ACTIVITIES

1. In order to participate in extra-curricular activities, a student must get no more than one failing grade (F). A student receiving two (2) or more failing grades (F) during the marking periods (3, 6, & 9 weeks) is academically ineligible. Fourth quarter grades will determine eligibility for the first quarter of the following year. Quarter grades will be applied rather than semester grades. A student may regain academic eligibility during the 3, 6, & 9 week grading periods by passing all courses in which he/she is enrolled.
2. A student who obtains one (1) failing grade (F) during the marking periods (3, 6, & 9 weeks) will be placed on academic probation. During this probationary period the student is eligible to participate in extra-curricular activities. The student must be passing all courses after the next 3, 6, or 9 week grading periods or summer school sessions. If the student continues to demonstrate failing work after 3, 6, or 9 weeks grading periods, he/she will be declared ineligible to participate. A student may regain academic eligibility during the 3, 6, & 9 week grading periods, or summer school sessions by passing all courses in which he/she is enrolled.

3. Notification letters will be sent to parents of probationary and ineligible students.

HANDICAPPED ACCESSIBILITY

Any individual with a physical or sensory impairment needing assistance is asked to contact the office so that staff can discuss and help to accommodate individual needs. Any such request can be made in person, or by phone at (608) 739-3116, or in writing.

HEAD LICE

The incidents of head lice or nits continue to present problems, not only in Riverdale Junior High School, but in areas around the state and nation. Parents are encouraged to check their children's heads for lice periodically. Students found with lice or nits will be sent home as soon as parents can be located to pick them up and will not be allowed to return to school until cleared through the school nurse.

HEALTH PROGRAM

The purpose of the Riverdale School Health Program is to help each student achieve and maintain optimum physical, emotional, and social fitness. It is the function of the school health program to assist the parents, teachers, and other medical services in the maintenance of student health. This is accomplished through such activities as:

1. Vision screening.
2. Hearing screening.
3. Emergency care under the guidance of the school nurse.
4. First-aid care to students who become ill or injured at school.
5. Updating Individual Child's health records.

Students who do not feel well should notify their teacher who will then refer them to the school nurse or office personnel. If it is necessary for the student to go home, the school nurse will contact the parents or designated emergency contact to pick up the student. The nurse must have up-to-date home and emergency contact telephone numbers in order to accomplish this.

Be certain that the school nurse is not a substitute for seeing a physician for health problems arising at home. Students who are too ill to function in the

classroom will be sent home, and a parent or authorized person will be requested to pick up the student. In the event of serious illness or injury requiring immediate medical attention, an ambulance will be called and the parents notified.

When in doubt, keep a sick child at home! If a child vomits, feels hot, or complains about their eyes or their stomach BEFORE school, keep them home. Children are expected to participate in outdoor recess when they are in school. If an attendance problem arises or if you have questions regarding your child's illness, the school nurse may be able to assist you.

LUNCH HOUR OPEN CAMPUS (HIGH SCHOOL ONLY)

Open campus during Riverdale High School lunch hour is a privilege for all students. RHS students are allowed to leave the building during their scheduled lunch hour to eat lunch off campus, visit with others on school grounds or attend to personal matters. Students, who are tardy in returning to campus for a class following their scheduled lunch hour, students who violate Major or Minor Rule Infractions as listed in the RHS Student Handbook during their lunch hour, or students who are academically at risk may have their open campus privileges suspended or revoked.

LUNCH PROGRAM

The Riverdale School hot lunch program is designed to furnish students and staff with a well-balanced morning and/or noon meal prepared from wholesome food.

Lunch and breakfast prices are established by school district policy annually, and are to be paid in advance. Funds are credited to a family lunch account and the cost of each meal is deducted on a daily basis as the student/staff go through the lunch line. Lunch account statements will be made by automated telephone calls. Parents will receive a phone call when their child's balance reaches \$10.00. Students who have a negative balance will be offered an alternative lunch.

All lunch money is to be paid directly to the office aide responsible for the lunch program. Such payments can be made by mail, in person at the RJSH office.

One carton of milk is included in the cost of each lunch or breakfast. Additional cartons of milk can be purchased at any mealtime using the student lunch card or lunch ID number.

All students need to have their student ID's with them or have their number memorized. Numbers are entered by the student at breakfast, mid-morning snack, and lunch.

	Cost of Breakfast	Cost of Lunch
Students 7-8	\$1.20	\$2.60
Students 9-12	\$1.20	\$2.60
Adults	\$1.60	\$3.35
Reduced	\$.30	\$.40

MEDICATION

No medications will be administered by school personnel until the "Authorization to Give Medication at School" form is completed and returned to the person administering the medication and the school nurse.

Any medication that is to be brought to school should come directly to the office and will be stored and administered under the School Nurse's authorization. No medication is to be kept in lockers, desks, or with child unless so indicated by medical personnel.

Parents may indicate on the student emergency form if they give the school permission to give their child Ibuprofen, Tylenol, etc. as needed.

PSYCHOLOGICAL SERVICES

The school psychologist will serve the school's education program. The psychologist's services are available to all students. The psychologist's primary responsibility is to serve the district's children, their parents and teachers as they attempt to meet the child's educational objectives. In addition to the school-testing program, the psychologist may administer tests designed to identify a student's specific learning problem.

REGISTRATION FEE

The school district furnishes all textbooks. A \$12.00 annual registration fee is required of all Junior High School and \$17.00 annual fee for High School

students per year. The cost of books (textbooks and library books), or other school materials lost, destroyed, or badly misused must be paid for by the student.

REMEDIATION AND RETENTION

Students who fail to make academic progress will be provided with remedial help throughout the school year. Various programs may be used, and the district will work with parents to assist the student.

Junior High School Students will be assigned to summer make up courses if they do not produce a passing average in each core course. For more information on the district's retention policy, please see the board policies on the district's website or contact your child's guidance counselor.

SCHEDULE CHANGES

Students are expected to complete all schedule changes for the following school year before the end of the current school year. In June the guidance office will mail a final schedule to students. Course drops made after established deadlines may result in a semester failure.

SENIOR INCENTIVE

Seniors have the opportunity to earn open campus during their study hall. They must maintain a 3.0 average, have no unexcused absences or tardies, and no discipline referrals in the previous quarter. This privilege can be revoked at any time for disciplinary reasons and is reviewed on a quarterly basis.

SPECTATOR SPORTSMANSHIP

We are proud of our school and its students. One way that we show our pride is by proper spectator behavior.

1. Officials do make mistakes, but generally the referee's position to judge a play is far better than ours. Booming or other such behavior reflects badly on all of us and is unacceptable behavior.
2. Treat visiting teams, cheerleaders, etc. with respect. They are doing their best for their school just as we are our own representatives.
3. Students demonstrating inappropriate behavior will be asked to leave and may be suspended from future events.

STUDENT DRIVING

The Riverdale School District provides transportation by bus. Students who find it necessary to drive to school because of family or work necessities are required to:

- A. Students parking vehicles in the school lot must register their vehicle with the school office.
- B. Park the vehicle **PROPERLY** in the student parking **ONLY**.
- C. Students are not to use the drive in front of the school at any time. The front drive is limited to buses and parents dropping off students. Students using the west lot should enter from the South entry and park North of the "yellow bus line".
- D. Motorcycles or motorbikes are covered by the same sanctions as automobiles.

STUDY HALLS

The supervisor in the study hall is responsible for the conduct of the students assigned there. The following guidelines will be used:

1. Students must bring books and materials to study hall. Failure to do so will result in consequences determined by the study hall supervisor or the principal.
2. No eating or drinking allowed in study hall.
3. Talking by permission only. Students wishing to study together must have the permission of the study hall supervisor.
4. Permission to leave the study hall without a pass will be up to the discretion of the study hall teacher. If permission is granted, a time limit should be set for how long the student can be gone. Students who abuse this will forfeit the right to leave study hall for any reason.
5. Sleeping will not be allowed.
6. Game playing of any type is prohibited.
7. If a student wishes to work in another school area, she/he must obtain a pass from the teacher in charge of that activity **before coming** to the study hall. Study hall supervisor will not issue passes or allow a student to leave study hall in order to get a pass from another teacher.
8. **If a student is failing classes, Chieftain Time, or has missing homework they will not be allowed on any PCD's.**

SCHOOL COUNSELING SERVICES

School counselors are available as advocates for students and supporters of education to help all students with academic achievement, personal/social development and career-life planning. Their goal is to aid in the educational development of all students by promoting a safe and equal learning environment. Counselors provide information and resources about prevention and intervention strategies to students, parents, teachers, and community, offering counseling and make referrals. Private concerns of students are held in confidence, developing a trusting counseling relationship to better help students resolve or cope with problems or developmental concerns. Parents are encouraged to contact the counselor with questions or concerns about their child's success.

STUDENT SEARCHES

Riverdale High School recognizes its responsibility to provide students and staff with a safe, drug-free environment that is conducive to learning. It also recognizes that students have basic constitutional rights that cannot be ignored.

A. Lockers and Vehicles 405.071

Riverdale High School expressly reserves the right to search lockers and vehicles parked on school property, with or without reasonable suspicion of a violation of the Riverdale School District's Alcohol and Other Drug Abuse Policy, Dangerous Weapons Policy, other school policy, or other state law.

The Riverdale School Board retains ownership and possessory control of all pupil lockers at all times and thus retains the right to conduct searches. In the event a school administrator or a designee of the administrator determines it is necessary or appropriate to search a student's locker, the locker may be searched without the consent of the student, without notification to the student, and without obtaining a search warrant.

B. Personal Searches 405.072
