Mr. Schmidt informed the Board of the enrichment program that has been put in place to all students during the school closure. The district was pro-active and had materials ready to send home with the students on Friday, March 13th. This work started on March 18th. They will be working on additional instruction and materials to be sent out to students for as long as this closure last.

Meals are being made and dropped off at 3 sites for any students that call in and request them in the morning. There was only 21 meals on the first day. This will be continued through this week and looked at after spring break to see if there is enough interest in this program to continue it.
